

Bay windows present a unique set of challenges to the home owner. Many traditional pole-and-ring systems will not work in a bay window as curtain rings cannot pass over the pole supports. Speedy Products has developed a range of Bay Solutions to overcome these challenges and offer a wider choice to the homeowner.

The Bay Pole Story

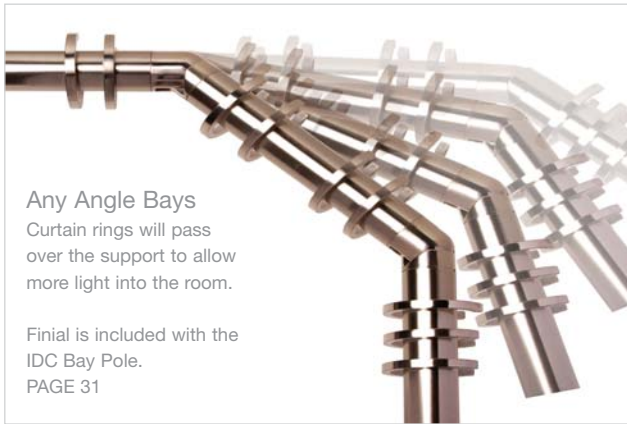

10cm

Any Angle Bays
Curtain rings will pass over the support to allow more light into the room.
PAGE 30 & 31

Extends to 13cm/5"

Premier (Poles Apart) & IDC 3-sided Bay Pole

Any Angle Bays
Curtain rings will pass over the support to allow more light into the room.

Finial is included with the IDC Bay Pole.
PAGE 31

Extends to 13cm/5"

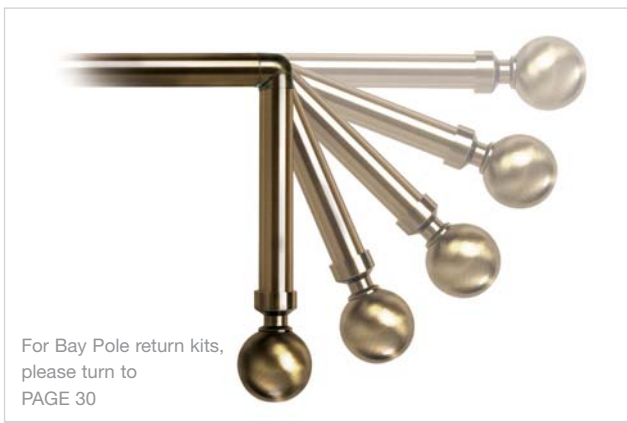

IDC 5-sided Bay Pole

60° & 45° Angle Bays
Curtain rings will not pass over the support.
PAGE 37

Extends to 13cm/5"
