

How To Open An e-Trade Account

Our On-Line shopping facility has now been extended to Credit/Debit card and pro-forma trade* account holders. This will make it easy for trade customers who wish to place orders on line and enjoy great savings. Simply complete the Contact form and we will email you an **Internet Account Proposal form** for you to complete and email back to us.

By accessing our web site you will be able to view our full product portfolio, and take advantage of our **monthly special offers**.

Your details will be held on our secure local server. This will mean that you do not need to send credit card or address details over the Internet when placing orders, thereby ensuring security of your credit card details.

There are 3 easy steps to setting up your account:-

Step 1. We set up your “e” account.

Please note that we accept all major credit and debit cards, with the exception of Amex and Diners cards.

Step 2. We allocate to you a user name and password, which we will send to you by email.

Step 3. You order on line, as and when required, by logging on to www.speedy-products.co.uk and clicking on to the “Trade Login” button.

You will enjoy a 5% discount for ordering on the Net, and, as a further thank you for trading this way; we are offering a Loyalty Reward Scheme, details of which are as below.
